The Nugget Is California's Leading Mining Weekly

Nevada City Nugget

VOL. VI, NO. 31. The GOLD Center NEVADA CITY, CALIFORNIA The County Seat Paper FRIDAY, JUNE 10, 1932.

MORATORIUM BILL IS SIGNED BY HOOVER

The Swing resolution providing a moratorium for thousands of mine owners and prospectors of California and the West passed the Senate June 1st after it had previously passed the House. Adoption of this measure by Congress means that hundreds of California miners and prospectors, who because of the depression have been unable to perform the assessment work upon their claims, shall not be forced to forfeit these claims on July 1st.

Representative Swing introduced the legislation at the request of hundreds of miners, mining engineers and old prospectors of California and the West.

"This bill will be a boon to many mining claimants" said Mr. Swing "who were faced with the loss in many instances of all they possessed, after they had spent much time, labor and money keeping their claims in good standing up to the present year, but who because of the depression were unable to find the means to do the required assessment work."

The mining committees of Congress intentionally held back this legislation until late in the current year so as to make certain that all who had the means to do the work would do so in aid of the unemployment situation. Those whose assessment work remains undone, and who will be benefitted by this legislation are mostly the ones who could not possibly do the work and whose claims would have been forfeited but for this congressional relief.

Mr. Swing will take a delegation of Western Senators and Representatives to the White House in the near future to urge upon the President the importance of his signing the resolution.

The bill suspending assessment work on mining claims for the fiscal year July 1, 1931 to July 1, 1932 was signed by President Hoover Monday, June 6th and is now a law.

The text of the resolution is as follows:

"That the provisions of Section 2324 of the Revised Statutes of the United States which requires on each mining claim located and until a patent has been issued therefor not less than $100. worth of labor to be performed or improvements aggregating such amount to be made each year be and the same is hereby suspended as to all mining claims in the United States including Alaska during the fiscal year from July 1, 1931 to July 1, 1932."

The resolution does not require the filing of any affidavit of intention to hold one's claims, as was the case in the war-time exemptions.

INDIAN HILL GRAVEL MINE HAS MONITOR RUNNING

At the Indian Hill gravel mine near Camptonville one monitor has been running for some time. Mr. Fred Joubert is in charge of operations.

So far the work has been in the nature of a cleanup of debris. The mine has not been worked in many years and the ground was overgrown with brush and trees, in places.

They are just getting into the channel proper at this time. Water is getting low and it is expected that hydraulic operations will last another ten days.

At present a crew of five or six men are employed.

NORTH SAN JUAN PLANS CHERRY CARNIVAL

North San Juan, north of Nevada City, has a bountiful crop of cherries this year and the baseball team of that city has decided to revive the celebrated cherry carnival that formerly attracted hundreds of former residents and visitors to the little town.

It has been several years since a carnival has been held and plans are to renew the custom.

They are making preparations for an all night dance Saturday, June 11th, and baseball, horse racing, and other sports Sunday, June 12th.

The wet winter just passed has assured plenty of moisture to raise plenty of cherries for everybody.

Nevada City High School Senior Class Graduates

Teresa Alaria, Carl Baker, Edith Clemo, William Davey, Melba Helme, Elizabeth Bettles, Ethel Brown, Jean Gleason, Edle Glennan, Melba Huson, Ruth Moyle, Hudson Gray, Edith Neagle, Margery Odgers, James Davis, Barbara McMinn, Marie Odgers, Harry Jefferson, Gladys Polglase, Pauline Rohrig, Donald Macari, Zoe Tredennick, Charlotte Wood, Jack Raynor, Ernestine Schreiber, Margaret White, William Tamblyn

Caswell B. Fisher, George V. Marchetti and Jessie L. Smart were also presented with diplomas but entered school too late for photographs to be entered in the "Quill."

Photos by courtesy of "The Quill."

The above students were presented with their diplomas last night at the commencement exercises held at the Nevada theater. Mr. R. J. Bennetts made the presentation. The commencement address was made by Mr. L. B. Baisden, assistant superintendent of city schools, Sacramento. H. E. Kjorlie presented the class for diplomas.

The faculty for the next high school term is as follows: Miss Esther Tremaine replacing H. J. Rice as algebra, physic and drawing instructor. Re-elected were H. E. Kjorlie, principal, Miss Mabel E. Stephens, Beverly Barron, Leslie Sweeney, Mrs. E. Flewellen, Miss Alice Carter, Miss Harriet Fisher.

Grammer school teachers are Miss Ruth Tamblyn replacing Miss Doris Nightingale, resigned. Re-elected were W. A. Carlson, principal, Miss Alice Noyes, Miss Gertude Goyne, Miss Ruth Hogan, Miss Kate Shearer, Miss Savory Ford, Mrs. Kate McCormack.

EMPRESS MINE PLANS ENLARGED EQUIPMENT

Plans are being formulated at this time to enlarge the surface plant at the Empress mine at Newtown, which is situated about four miles west of Nevada City.

This mine, less than one year under its present management and dating its most important discovery of ore from last Christmas eve is recognized as one of the major mines of the district.

About 35 men have been employed steadily at this mine and sinking and drifting operations have proven that gold values increase as progress is made. The ledges are widening as sinking progresses.

Ed C. Jacobs is superintendent of the mine. From the first Mr. Jacobs has put forth every effort to make this mine a real producer and his work is being richly rewarded in the fine returns being made.

GOLDEN CENTER MINE

At the Golden Center mine, which is owned by the Cooley Butler Intersts of Los Angeles, an enlarged compressor plant was placed in service a few days ago.

The equipment was brought from the Allison Ranch mine south of Grass Valley, which has been closed for a number of years.

Last week a specimen of ore of splendid value, taken from the work now in progress, was on display in Grass Valley.

The management is well pleaed with ore conditions as found in the mine.

L. S. Wincapaw is supperintendent of the mine.

TWIN QUARTZ MINE

Two men are employed at this time developing the Twin Quartz mine near Camptonville.

L. F. Lorenz of Los Angeles returned to his home in the southern city after spending several days at the property.

Frank Davies and son motored to the Brush Creek Mine last Friday.

SHOWER FOR BRIDE TO BE

A group of friends with Miss Josephine Genasci as hostess, tendered Miss Lenore Steger a kitchen shower Tuesday evening. While she was away from her home on Pine street her friends came in and surprised her on her arrival.

Dainty refreshments were enjoyed after several hours spent in a social time.

Those present were; Mrs. Shaddock, Mrs. Anna Tucker, Mrs. R. D. Steger, Misses Elma Hecker, Celia Genasci, Josephine Genasci, Bernice Clemo, and the bride to be.

MRS BRAND PASSES TO HER RICH REWARD

The funeral of the late Mrs. Amelia Brand, was held Tuesday afternoon. There was a general closing of business houses during the services. She was the widow of the late C. J. Brand, pioneer jeweler of Nevada City. Death came early Sunday morning.

Mrs. Brand had lived in Nevada City for 58 years and was aged 79 years at the time of her passing. Her husband passed away in 1908.

After her husband's death her sons the late H. W. Brand, conducted the business. Miss Minnie Brand, a daughter, was in charge of the jewelry store for several years, before selling to Mr. Hartung, who now conducts the business.

Left to mourn her passing are two daughters, Miss Minnie Brand of Nevada City and Mrs. R. W. Gaylord of Sacramento, also two grandchildren.

Mrs. Brand was a woman who possessed great civic pride. She was one of the foremost citizens in the establishing of the local library and in the beautifying of its grounds. She was most liberal in donations of money, time and effort for any improvement to the community life. Mrs. Brand was fond of children and young people and supported all organizations for their betterment. She was a great lover of beauty especially in growing plants, and her garden was a bright spot in the community. She was very socially inclined and Brand's Studio was the scene of many social gatherings.

Kindness predominated every act and this woman of sterling character will be greatly missed.

Her daughter, Miss Minnie Brand, has been her constant companion for many years and to her the loss is an irretrievable one.

The Nugget wishes to join with their many friends in extending sympathy to the family, of this greatly loved woman.

Evangeline Chapter, O. E. S., of which she was a member conducted the funeral services.

COMMITTEES ON JULY 4TH CELEBRATION MET

The various committees on the Fourth of July celebration to be held in Nevada City met in the Chamber of Commerce rooms Tuesday evening to make reports on progress of preparations for the coming celebration. Because of the incompleteness of the reports of some of the committees another meeting is to be held Monday evening when all final reports are expected of the different committees.

The following have been appointed by Carl J. Tobiassen, chairman of the 4th of July committee, to have charge of the various features for the celebration.

Parade—R. L. P. Bigelow, Mrs. Ella M. Austin, Frank Davies.

Advertising—J. W. O'Neill, W. H Griffiths, W. L. Davis, Jr.

Literary Committee—Judge Raglan Tuttle, Harry L. Englebright, George W. Gildersleeve.

Finance—E. W. Schreiber, George H. Calanan.

Music—Leslie Sweeney, Howard Penrose, E. J. N. Ott.

Fireworks—James Penrose, V. V. Foley, A. M. Hoge.

Sports—E. J. Baker, Charley Leiter, Louis Kopp.

Invitations—Miles D. Coughlin, George L. Jones, Robert Tharp.

Decoration — William Sharp, Lloyd Penrose, Chester Scheemer.

Boy Scouts On Hike—

Troop 6 Boy Scouts, with Scoutmaster Lester W. Northon went to Scotts Flat dam Saturday afternoon, spending a night camped on the shores of the dam. They returned home Sunday evening after having a most enjoyable trip.

GOVERNOR ROLPH HAS PROCLAIMED FLAG DAY

Sacramento, Calif. — Governor Rolph issued a proclamation June 2nd designating June 14th as the 155th anniversary of the Stars and Stripes, emblem of the American Flag.

He stated, "This year is particularly significant on account of the fact that it is the Bicentennial Year of George Washington's birthday."

"It is hereby proclaimed that June 14th to 18th, 1932, be designated as Flag Week; that June 14th be designated as Flag Day; and it is respectfully requested that the American flag be displayed by all civic, educational, patriotic, fraternal, religious organizations, public schools, colleges, universities and all state and that municipal buildings observe Flag Day."

Governor Rolph also suggested that wherever possible suitable ceremonies be held in recognition of the history and import of the flag.

Mrs. Will Walters and three granddaughters are here spending a two week's vacation with her brother, James Dolan, and wife. Her son-in-law, Mr. DelAnina motored up with them Saturday, returning Sunday.

IDAHO MARYLAND MINE IS MAKING GOOD PROGRESS

Work has started at the shaft of the Idaho-Maryland Consolidated mines to erect a new steel headframe to replace the wooden structure now being used. The frame will have a total of 105 feet and will carry, in addition to the hoisting machinery, rock breaker and ore-sorter, and an improved arrangement for transferring the ore to the crushing plants.

The new headframe, due to its size,, will be able to straddle the existing hoist during construction and interruption to the mining operations will be slight.

The cutting recently of the 1000 foot payshoot of the mine on what is termed the 2,000 level, or 50 feet below the deepest former explorations of the mine added still another factor to increase the potential life and production of the property.

The discovery followed within ten days the discovery that the payshoot was strongly exemplified on the 1,000 level, with every practical and geological indication that it comes through to a point near the surface. Officers of the company, basing their conclusions on the various areas of proven ground, and the history of other Grass Valley district veins, assert that the shoot is potentially 4,000 or more feet vertical and at least 1,000 feet lateral. While exact figures are withheld, the values are understood to run well above $12.50 per ton on the average.

The rehabilitation of the Idaho-Maryland mine, according to mining men, is one of the most remarkable in the history of California gold mining. Originally known as the Eureka, the first development was in barren outcrop in the later 50s. During the 60s pay ore was found at a depth of 100 feet and from that time on for a long period the Eureka was a notable producer.

In time the lode was worked up to the end line of the Idaho, an adjoining claim to the east. The Idaho claim was acquired from the Coleman brothers and production continued until more than $20,000,000 in gold had been produced and more than $7,000,000 paid out in dividends.

Production slumped and the present management learned plans were to abandon the mine, and headed by Errol MacBoyle, young mining engineer,, an option was obtained and flooding of the mine was averted.

After sinking less than 50 feet the discovery was made that has recreated the mine.

About 180 men are employed at the property, a few being added at a time as they are needed in the development of the mine.

DEPOT HILL MINE HAS LONG HYDRAULIC SEASON

The Depot Hill mine owned and operated by the Joubert family of Camptonville has had more water for hydraulicking than they have had in the last ten years. One monitor has been running steadily since early spring and the other one was run for two or three hours each day as extra water permitted.

It is expected that they will continue operations for another ten days, or as long as the water remains high enough for them to hydraulic.

At this time it is not determined just how much gold has been taken out, but it is understood the management is well pleased with the amount of gold estimated in the seasons operations.

LOCAL MAN HAS SONG DEDICATED BY NEPHEW

Last Sunday King Corgait sang the "Strawberry Roan" over station KROW dedicating the song to his "dear Uncle Bill," and hoped he was better. "Uncle Bill" is Will Genasci of Willow Valley who has just left the hospital, recovering from a recent serious injuries received in an explosion at the Hoge mine.

This little boy and his sister known as the King and Queen of the air over station KROW are nephew and niece of Charles and William Genasci who live east of Nevada City They have been singing for sometime and recently dedicated songs to their uncles and cousins, the latter the Genasci girls.

KELP-O VITA
for HEALTH, YOUTH and VIGOR

Men, women and children find KELP-O-VITA a safe and efficient treatment for debility, loss of vital powers and glandular impairment. YOU CAN BE OLD AT FORTY OR YOUNG AT SIXTY. QUIT DYING BEFORE YOUR TIME. KELP-O-VITA is a mineralized vegetable, easy and pleasant to take, not habit-forming. RICH in Vitamines and Organic Salts. KELP-O-VITA is a REVITALIZER, a REHABILITATOR, a REJUVINATOR, an INVIGORATOR and a RECONSTRUCTIVE. INCREASES VITALITY and gives PEP, VIM and VIGOR. KELP-O-VITA is for VITALITY, the last word in modern science. send this adv. with your name, address and 25c in stamps or coin for Address Kelp-O-Vita Laboratories, 1046 Venice Blvd., Los Angeles, Calif. Dept. A-48 one week's sample treatment.

OUTLOOK BRIGHT FOR TRINITY COUNTY MINES

Each week brings more gold seekers to Trinity county, and never a business day passes that from one to half a dozen location notices are not sold in the county seat. Also proven mines are adding to and modernizing their equipment.

F. R. Marsh, head of the department of Seattle, was in Weaverville recently looking after his mining interests. He is president of the Gold Bar Dredging company at Lewiston. Marsh says that a new boat under construction will soon be completed and that dredging in the Trinity river will commence in a short time. Operations will commence on the Paulsen ranch.

H. E. Harrison, who has taken over the mining property on Lynch Bar, at the mouth of Deadwood Gulch, under bond from J. W. Phillips, reports installation of a 300-horsepower motor, which is operating a 10-inch pump with a 200-foot head. Three shifts are employed

W. K. Champlin, former publisher of Chicago, is pressing work on his placer properties on the East Fork of the Middle Fork.

At the old Brown Bear mine near Deadwood, eighteen men are employed, with E. Erich as manager.

O. E. Stone and H. Huse are proceeding with development work on The Trinity, which is a quartz proposition situated on Browns Creek.

FIRE SEASON STARTS

The fire season in the Tahoe National Forest has started even tho there is a considerable depth of snow covering the higher elevations and streams and rivers are running bank full from the melting snows.

In the Truckee district the fire season opened with the fishing season, two fires on the Truckee river being laid to fishermen. At Iceland four acres were burned over and no damages done.

Brush fires near Brockway were responsible for another fire of a half acre through underbrush. Workmen from resorts assisted in putting out the fires.

The official fire season in the Truckee district will be sometime this month or as soon as weather conditions make it necessary to post the regular lookouts and guards.

PONEMAH COUNCIL ENTERTAINS VISITING GRAND OFFICERS

Last Monday evening Ponemah Council, No. 6, Degree of Pocahontas received an official visit from Great Pocahontas Sister Isabel McClusky of Vallejo, besides several other grand officers.

Preceeding the meeting a dinner was enjoyed at the National hotel by visiting officers and members. District Deputy Rachel Penrose presented the Great Pocahontas with a gift in the form of a large bowl of fostoria glassware.

Refreshments were served after the meeting and a social time enjoyed.

SISKIYOU MINES BEING WORKED

The overburden on hill material and rubble has been stripped from the gravel deposit at the Ball hydraulic mine situated on the east fork of the Salmon river and mining is now under way. The property which is being mined under lease, is located near Cecilville in Siskiyou county.

The Banner or George brothers hydraulic mine on the same stream is also being worked under lease. Both mines use a giant to feed the flume and another to drive up gravel from the pit.

The Farnsworth hydraulic mine, on the south fork of the Salmon river, is working three giants in the pit. This is the largest hydraulic property being worked in this section. Farnsworth brothers are working their own mine.

Word has reached us that a pan of quartz containing over twenty ounces of gold was recently taken from a property owned by William Young, about ten miles from Fort Jones, in Hi-You gulch. Young has a crew of several men employed at the mine.

WHAT... *you made this in your* ELECTRIC REFRIGERATOR!

THOUSANDS OF WOMEN achieve enviable success with expensive looking frozen dainties—inexpensively and easily made—thanks to electric refrigeration.

Perfect as a picture on a recipe page—delicious as though prepared by an expert caterer—expressive of the wizardry of electric refrigerators that has been a revelation to more than three million women in America.

Within the spacious interior of an electric refrigerator the steady low temperature can be relied upon to keep meat fresh, the vegetables unwilted and the milk and cream safe and sweet. Nothing will be wasted.

There is convenience, too, in always having things on hand for unexpected company. Frozen desserts and salads, quivery jellied meats, and frosty fruit punches can be made from left-overs saved on the shelves of an electric refrigerator.

Now one more word. If you are interested in new and inexpensive ways to entertain take advantage of the Special Offer and easy terms on which you can own an electric refrigerator.

FRENCH CORRAL

French Corral, June 7,— Cold weather for June.—Nights and mornings decidedly chilly. The fields that were green with the waving grain are rapidly taking on a golden rue, and are ready for the sickle.

Several droves of cattle passed through enroute to mountain ranges during the past week. All seemed to be in fine condition.

Many strangers have pitched their tents in vacant lots and near the roadside during the week, and are prospecting for gold.

Mr. and Mrs. E. A. May have gone to Sacramento to stay for a short time. They own the Kinney property and have built a house on the property in Birchville. This was swept away in the conflagration of last July in that place and in December they lost their home in Sacramento by fire. The latter they rebuilt but they much prefer to live in our mountain climate.

Mrs. Margaret Madden, a member of the O'Connor family of Birchville has taken up her residence in the old "Maroney home" in Birchville. She will board and care for the three Pine children which her sister, Miss Martha O'Connor got from the Ukiah convent last year to make up the attendance of the Pleasant Valley school where she, Miss Martha, was teacher.

Mr. and Mrs. Herbert Clymo and son, Frankie, who were visiting Mrs. Clemo's sister in French Corral during the week, returned to their home in Benecia Wednesday.

Mr. and Mrs. Harold Osgood of Bangor spent Sunday, a week ago, with Mrs. Osgood's parents, Mr. and Mrs. H. Clymo who were visiting in French Corral.

Mr. Arthur O'Connor has come to spend his summer vacation at the old home place in Birchville. His school in San Rafael is closed for vacation time.

Paul Peletier, who has been a resident of this place for the past year, has gone to Berkeley to visit his mother.

CAMPTONVILLE NEWS NOTES

Camptonville, June 6—The student body of the high hchool will stage a benefit entertainment Saturday evening. It will consist of three plays.

Altho there was an all night rain Saturday, the first big benefit dance of the season was a success. They netted $34.00 for the benefit of the hall.

J. E. Pauly motored to Marysville Friday.

Evan Thomas of Downieville spent the week end at Hotel Francis

Mrs. Kate Jaynes motored to Downieville Saturday.

Mr. and Mrs. E. L. Cleveland and granddaughter, Earlyne, of Sarcamento spent the week end her.

Mr. and Mrs. Percy Gleason of Forest Hill attended the dance Saturday night.

Mrs. Acton Cleveland visited relatives in Sacramento Wednesday.

C. N. Chatfield, supt. of the Altaview mine passed thru town Friday enroute to his home at Pike City.

Edwin Godfrey of Pike was sworn in as fire guard for that section by the National Forest, Friday.

C. L. Wilson and James Joubert spent last week-end here with relatives. They returned to Sacramento Sunday to resume high school study.

SCHOOL OF INSTRUCTION TO BE HELD IN OAK VALLEY

District Ranger F. W. Meggers has been busy preparing a new camp ground at Oak Valley, to be known at Oak Valley camp, for a three day school of instruction for fire guards, to be held June 16, 17 and 18th. Forest Supervisor R. L. P. Biglow and staff will conduct the school with the district rangers acting as instructors.

The camp will be used after this meeting is over as a general government camping ground.

—0—

Wild Flower Lecture—

A good sized crowd attended the lecture on wild flowers given by Carl Purdy of Ukiah, at the Methodist church, last Monday evening.

CAMP CELIO OPENS

Camp Celio was opened Monday for the first group of 100 Camp Fire girls from Berkeley, Oakland and Alameda. There will be two other groups each spending two weeks at the camp.

It is expected that fully 400 girls will attend before the season is over

Miss Evelyn Kendall, who was the assistant to the late Mrs. Lucia Searls will be in charge of the camp as executive secretary. Mrs. Nell Maynard who has been at the camp for each session has been appointed "Camp Mother."

H. W. Baxter of Oakland, president of the Oakland Camp Fire girls and president of the Pacific Coast association, spent several days at the camp assisting in getting everything in readiness for the girls.

Miss Evelyn Kendall was a visitor in The Nugget office yesterday and stated that Camp Augusta opened Wednesday with 119 girls. These Camp Fire Girls are all from Alemeda county.

—0—

BRET HARTE GUERNSEY BECOMES MORE POPULAR

The Bret Harte Guernsey dairy of Nevada City is supplying the Camp Fire girls at Camp Celio with milk. Several cases and cans of milk are taken out each day.

At present Mr. Johnson is bottling 60 gallons of milk in the mornings and 50 gallons at night, for his customers.

A new milk plant has just been completed by Mr. Johnson which enables him to handle his milk at a great saving in time.

BAND CONCERT ENJOYED

The high school band under the direction of L. E. Sweeney, music instructor of the Nevada City high school, presented a most pleasing program Wednesday evening, from the balcony of the National hotel. Music in these balmy evenings is a treat and it is hoped there will be more of these concerts.

NOTICE OF APPLICATION TO APPROPRIATE WATER

Applications 7024 & 7113

NOTICE IS HEREBY GIVEN, That EDWARD BICKEL, P. O. Box 881, Nevada City, California has applied to the Division of Water Resources, Department of Public Works, State of California, for permits to appropriate unappropriated water, subject to existing rights.

Description of Project
Application 7024

Date Filed: July 31, 1931.
Water to be Appropriated from: Greenhorn Creek, tributary to Bear River.
County of: Nevada
Amount applied for: 38 cubic foot per second
Diversion season named: January 1st to December 31st of each season
Water to be used for: Mining and Domestic purposes
Point of Diversion within: NE¼ of NW¼ of Sec. 10, T. 16 N., R. 10 E., M. D. B. & M.
Place of Use described: Sailor Flat Mine of Fenton Gold Mining Corp., within Sections 4, 5 & 8, T. 16 N., R. 10 E., M. D. B. & M., as shown on map filed with the Division of Water Resources.
Water will be returned to: Greenhorn Creek within NW¼ of NE¼ of Sec. 8, T. 16 N., R. 10 E., M. D. B. & M.

Application 7113

Date Filed: November 2, 1931
Water to be appropriated from: Little Greenhorn Creek (sometimes called Spanish Ravine) tributary to Greenhorn Creek, thence Bear River.
County of: Nevada
Amount applied for: 15 cubic feet per second
Diversion season named: January 1st to December 31st of each season
Water to be used for: Mining & domestic purposes
Point of Diversion within: NW¼ of NE¼ of Sec. 4, T. 16 N., R. 10 E., M. D. B. & M.
Place of use described: Sailor Flat Mine of Fenton Gold Mining Corp., within Sections 4, 5 & 8, T. 16 N., R. 10 E., M. D. B. & M., as shown on map filed with the Division of Water Resources.
Water will be returned to: Greenhorn Creek within NW¼ of NE¼ of Sec. 8, T. 16 N., R. 10 E., M. D. B. & M.

Relative to Protests

Blanks upon which to submit protests will be supplied free upon request by the Division of Water Resources.

Any person desiring to protest against the granting of such permits shall within 60 days from date hereof, file with the Division of Water Recourses, Sacramento, California. a written protest. Such protest shall clearly set forth the protestant's objections to the granting of the applications and shall contain the following information:

(1) Statement of the injury which would result to protestant from such appropriation and use.
(2) The basis of protestant's water right.
(3) Protestant's past and present use of water both as to amount used and land irrigated, or use made of water if other than irrigation.
(4) The approximate location of such land or place of use and of the point of diversion of the water.

A COPY OF THE PROTEST SHOULD BE SENT TO THE APPLICANT AND THIS OFFICE NOTIFIED THAT THE SAME HAS BEEN DONE.

EDWARD HYATT,
State Engineer.

NEWS IN BRIEF

The many friends of Councilman Wade Armstrong are pleased to learn that he is making a recovery from a recent serious operation at a Woodland hospital.

Dr. Carl Sutton of Downieville was a Nevada City visitor Saturday.

The Nevada City Fire Department made a run Thursday morning to a brush fire southwest of town. They soon had it under control and no damage was reported.

Several members of the State Chamber of Commerce highway department made a twenty minute stop in Nevada City Thursday morning. They were on their way over the Tahoe-Ukiah highway, to Lake Tahoe, and from there they will return to Sacramento by way of Placerville. There were several machines in the caravan and the trip was made in one day.

Mr. and Mrs. Roy Howell of the bay region arrived in Nevada City Wednesday, enroute to their mining claims in the Washington district. They came here last year on account of his health, and were so pleased with the country they plan to return whenever they can. At this time they are doing assessment work on mining claims they filed on last year.

Mr. and Mrs. Will Young and daughter, Miss Beth Young, motored to Marysville Saturday, where Mr. Young attended to business matters.

Several large bands of cattle have passed through Nevada City within the last two weeks on their way from the lower country to the Tahoe National Forest, for summer pasturage.

The sales and service office of the P. G. & E. on Broad street has been painted and cleaned up this week.

Mr. and Mrs. G. S. Barnhart are the proud parents of a son, born Wednesday, June 8, at the Nevada City Sanatorium.

T. J. Meyer and C. C. Meyer of Sweetland district, both well known in mining circles here were in town Thursday on business.

The grammar school closes today with a good sized class of graduates finishing their work in that institution.

Will Young, who received an injury to his back some time ago, is making a slow recovery.

Mrs. H. S. Bradley of San Francisco is here visiting her daughters. Mrs. George A. Legg and Mrs. Mattie Hogue.

Mr. and Mrs. Harry Cook of Visalia are here spending their vacation with her parents, Mr. and Mrs. Gomer Hopkins of Gold Flat.

Many residents of Nevada City felt the light earthquake shock which occurred shortly after midnight Sunday.

Judge Raglan Tuttle performed a wedding ceremony in his beautiful yard recently when he united Miss Carolyn Marchant and Clyde Chase of Oroville in the holy bonds of matrimony. They were attended by Miss Charlotte Ripley of Oroville and Harvey Frye of Marysville.

Mrs. Gladys George of Benecia and William Driver of Vallejo were married last Sunday in Grass Valley. The bride is a sister of Mrs. George A. Nihell of Nevada City.

Judge and Mrs. Raglan Tuttle were San Francisco visitors this week.

Miss Olive Gaylord of San Francisco came up to attend the funeral of the late Mrs. C. J. Brand.

Mr. and Mrs. Carl Ivey of Chico visited over last week end with relatives in Nevada City.

Mrs. John Langman, mother of Miss Alice Langman of the Plaza Grocery, is recovering from a recent serious spell of illness.

Mrs. Charles Wild of San Francisco visited her sister, Mrs. Chas. Guenther and other relatives over Memorial Day. She returned home last Thursday.

Mrs. Laura DeLay and daughter, Joy, of Davis visited Mrs. Elsie Willoughby ove rlast week end.

Major F. A. Chapman is making a two week's visit in Pasadena and Los Angeles.

William Hogarth, who has spent the winter at the Twin Quartz mine near Downieville was a visitor in Nevada City Monday. He is soon to leave for the gold mining camps of Nevada and Arizona. Mr. Hogarth likes this section and expects to return before long.

Mr. and William Ray of San Francisco were recent visitors at the home of the latters parents, Mr. and Mrs. F. F. Breese.

Niles P. Searls and daughter, Miriam, of Oakland, spent last week end with his mother, Mrs. Fred Searls of Nevada City.

C. D. Wickes, who has mining interests near Tyler, was a recent Nevada City visitor.

Mrs. H. H. McCrea, who has been in Nevada City for several months, left last week to join her husband in San Francisco. She was formerly Miss Alice Tredennick.

Louis Nonneman and Mr. and Mrs. Peter tum Suden of San Francisco were recent Nevada City visitors. Mr. Nonneman has mining interests north of Nevada City.

La Mar Fleming is remodeling the interior of his old home on Boulder street. The building is to be painted inside and out when improvements are complete.

Mrs. Fero of upper Boulder street is having her home painted.

Mrs. Sullivan, who recently purchased the Jepson property on Spring street, has just had the house painted.

Mr. and Mrs. Frank Guenther are spending their vacation in the bay region.

Mr. and Mrs. Henry Allen and Mr and Mrs. Boulard and son of Chico were recent visitors at the home of Mr. Allen's brother, Robert Allen, of Nevada City.

THE MATTRESS OF THE YEAR

Karr No. 176X . . . Inner-spring Construction

It has class, beauty, comfort—of the sort that lasts and lasts. We could, by all the usual standards, sell it for around forty dollars. It's that good!

Inside of this mattress is a retempered all-steel Karr spring construction with baked japan finish. Permanently locked coils alternate in right and left direction so as to always maintain an even, non-sagging surface. Any mattress man will tell you that this ype of spring unit is the last word in quality. YOU NEVER FIND THE KARR INNER-SPRING IN A CHEAP MATTRESS.

Shop if you will . . . but don't expect to find the equal of "Nineteen Thirty-two" for less money. We assure you that both ourselves and the maker have gone to the very limit in offering this mattress at $19.32. The approval of the Master Bedding Makers of America is, like our endorsement, your guarantee of absolute satisfaction.

BANK OF AMERICA TRANSLATES WORDS INTO ACTION

LOANS for construction of SMALL HOMES

As its part in the statewide effort to help bring back good times, Bank of America is making loans for the construction of small homes. Such loans to be repaid by installment payments . . . Bank of America offers this cooperation in support of the program of the United States Government and the Reconstruction Finance Corporation, to put dollars to work. Again this institution demonstrates its faith in California . . . Release of these loanable funds to individuals building small homes, means stimulation of the entire building industry and real estate development—more men at work. More men at work means greater buying power; one further step toward a sound prosperity . . . We are desirous of rendering a human, broad, constructive community-building banking service, and favor the making of small loans to the greatest number of worthy borrowers . . . Let's speed the wheels of industry—here in California—Now!
